

DEFECT/BUG REPORT

Tamalak Real Estate Application

Course: Software Construction Quality

Defect ID: DEF-2026-010

Reporter Name: Ahmed ElSherif Salah Elabd

Defect Reported Date: January 7, 2026

Who Detected: QA

How Detected: Testing

Project Name: Tamalak Real Estate Application

Release/Build Version: 1.0

Defect/Enhancement: Defect

Environment: Windows / Chrome / Katalon Studio v10.4.3

Priority: High

Severity: Critical

Status: Open

Description: Password reset with valid token completely broken; users cannot reset passwords

Steps to reproduce:

1. Navigate to Forgot Password page
2. Enter valid email address
3. Receive reset email with token
4. Click reset link with valid token
5. Enter new password and confirm
6. Submit form

Expected Result: Password should be successfully reset and user should be able to login with new password

Actual Result: Password reset fails completely; users cannot reset their passwords

Assigned To: Developer 2

Estimated Time to Fix: 12 hours

Defect Close Date:

Defect ID: DEF-2026-001

Reporter Name: Ahmed Ossama Sayed

Defect Reported Date: January 6, 2026

Who Detected: QA

How Detected: Testing

Project Name: Tamalak Real Estate Application

Release/Build Version: 1.0

Defect/Enhancement: Defect

Environment: Windows / Chrome / Katalon Studio v10.4.3

Priority: High

Severity: High

Status: Open

Description: Admin Property Edit - Property update with valid data fails to save changes correctly

Steps to reproduce:

1. Login as Admin
2. Navigate to Properties management
3. Select a property to edit
4. Modify property details with valid data
5. Click Save

Expected Result: Property changes should be saved and reflected in the system

Actual Result: Changes fail to save; property retains original values

Assigned To: Developer 1

Estimated Time to Fix: 8 hours

Defect Close Date:

Defect ID: DEF-2026-002

Reporter Name: Ahmed Ossama Sayed

Defect Reported Date: January 6, 2026

Who Detected: QA

How Detected: Testing

Project Name: Tamalak Real Estate Application

Release/Build Version: 1.0

Defect/Enhancement: Defect

Environment: Windows / Chrome / Katalon Studio v10.4.3

Priority: Medium

Severity: Medium

Status: Open

Description: Admin Property Edit - Empty title validation not working; allows saving property without title

Steps to reproduce:

1. Login as Admin
2. Navigate to Properties management
3. Edit a property
4. Clear the title field
5. Click Save

Expected Result: Validation error should prevent saving without title

Actual Result: Property saved without title

Assigned To: Developer 2

Estimated Time to Fix: 4 hours

Defect Close Date:

Defect ID: DEF-2026-003

Reporter Name: Ahmed Ossama Sayed

Defect Reported Date: January 6, 2026

Who Detected: QA

How Detected: Testing

Project Name: Tamalak Real Estate Application

Release/Build Version: 1.0

Defect/Enhancement: Defect

Environment: Windows / Chrome / Katalon Studio v10.4.3

Priority: High

Severity: High

Status: Open

Description: Admin Property Status - Property status change operation fails; status not updating in database

Steps to reproduce:

1. Login as Admin
2. Navigate to Properties management
3. Select a property
4. Attempt to change status (Active/Inactive)

Expected Result: Property status should update successfully

Actual Result: Status change fails; property status remains unchanged

Assigned To: Developer 3

Estimated Time to Fix: 6 hours

Defect Close Date:
